

MEDIA RELEASE

Concrete Delivery Truck Accident

SANTA BARBARA, CA – May 29, 2012

At 0932 hours on May 25, the Santa Barbara City Fire Department, along with City Police, responded to a rollover traffic accident at the intersection of Lasuen Road and Alameda Padre Serra. Upon arrival of SBFD Engine 3, the crew found a concrete delivery truck on its side near the intersection. The 38-year old driver did not sustain any injuries in the accident.

The loaded concrete truck was en route for delivery to a construction project on the Riviera.

Further investigation found no fuel spilled with only a small amount of concrete in the road way. Minor damage was noted to an Edison utility pole and Edison responded to assess the damage.

Two heavy wreckers were dispatched to assist in righting the truck.

Santa Barbara City Police are conducting an accident investigation.

For further fire response information, contact Captain Chris Mailes of the SBFD.

For accident information, contact the Santa Barbara Police Department.
